# DEDICATION

## TO OUR PARENTS:

The year 1969 marks the end of secondary schooling for thirty-four students at Reardan High School. These students have experienced much together over the years--both joy and sorrow, success and failure, laughter and tears. It is in remembrance of the good times that we dedicate this annual to the people who made these times possible--our parents.

Over the past twelve years your many little nameless acts of love, generosity, and patience have gone by almost unnoticed. As we leave the security of our homes, we realize how much these little things have meant to us. You have given us confidence and respect in ourselves. You have sacrificed for our benefit. You have tenderly watched us grow into young adults, and you have given us all we need to be successful in our battle with life.

It is with much gratitude and appreciation that we dedicate this annual, Warwhoop 1969, to you, our parents. We hope and pray that you will continue to encourage us and back us with your unfailing love. We'll do our best to live up to the faith and trust you have in us, and we will try to become the kind of people you want us to be. We don't want to let you down. In ending this dedication we simply say, "Thank you!"
